

# EmizenTech Announces Participation in GITEX Africa 2024 with Innovative Real Estate Development Solutions

EmizenTech, a leading software development company renowned for its cutting-edge technological solutions, proudly announces its participation in GITEX Africa 2024. The event will take place from 29-31 May 2024 in Marrakech, Morocco, bringing together tech innovators and industry leaders from across the globe.

EmizenTech will showcase its innovative real estate development solutions, leveraging the latest advancements in Artificial Intelligence (AI) and the Internet of Things (IoT). These solutions are designed to revolutionize the real estate sector by enhancing efficiency, improving user experiences, and streamlining operations for developers, agents, and property manager

## Innovative Real Estate Solutions by EmizenTech:

1. Real Estate App Development: EmizenTech's mobile app solutions are tailored to meet the unique needs of the real estate industry. With features like virtual property tours, AI-driven property recommendations, and seamless communication tools, these apps provide a superior user experience and help real estate businesses stay competitive in a digital-first market.

2. Real Estate Web Development: EmizenTech offers comprehensive web development services that create dynamic, user-friendly websites for real estate businesses. These websites integrate IoT for smart property management, real-time data analytics, and advanced search functionalities powered by AI, ensuring potential buyers and renters have all the information they need at their fingertips.

"We are thrilled to participate in GITEX Africa 2024 and present our state-of-the-art real estate solutions," said Amit Samsukha, CTO and Co-founder of EmizenTech. "Our focus on AI and IoT enables us to deliver innovative products that not only meet but exceed the evolving needs of the real estate industry."

## Virendra Sharma, CEO and Co-founder of EmizenTech, added:

"At EmizenTech, we believe in the transformative power of technology. Our participation in GITEX Africa 2024 underscores our commitment to bringing advanced technological solutions to the real estate industry, particularly in emerging markets like Africa. We are excited to engage with industry leaders and demonstrate how our AI and IoT-driven solutions can create smarter, more efficient real estate ecosystems."

## Vivek Khatri, MD and Co-founder of EmizenTech, commented:

"GITEX Africa 2024 presents an incredible opportunity to showcase our innovations and connect with potential clients and partners. Our real estate development solutions are designed to address the specific challenges faced by the industry, providing scalable and sustainable technology that drives growth and enhances user experiences. We look forward to exploring new collaborations and expanding our footprint in the African market."
